Technology and Tools for your Classrooms

Dukane AirSlate 3 This is the most advanced portable interactive tablet. The RF wireless connection between the tablet and USB port "locks in" and never has to be re-set. From anywhere in your classroom, or auditorium, your tablet and computer will stay connected.. On board controls to advance PowerPoint or other pages. Screen annotation over ANY image, with automatic save. Create and playback lesson sequences. Pass around for class participation. Drawing and annotation and recording tools included. **ONLY \$339.00 DELIVERED**

Dukane AirSlate 2 (Limited Availability) Create an Interactive Classroom with minimum dollar investment. AS-2 uses Bluetooth technology to communicate between the slate and USB port. Software bundles similar to AS-3 included. Subject to warehouse stocks on hand.

Close Out Special \$189.00 Delivered.

Dukane Camera 335 High Resolution Digital Document Camera . Features XGA (1024x768 pixel) resolution. Use direct to projector or monitor. Internal memory stores up to 64 XGA images for playback OR connect thru a USB connection and utilizes annotation and image editing features. Flexible design with gooseneck head and lamp allows best image/light selection. Digital zoom to get closeup on samples, student work, models, photos, etc.

Educational Pricing only \$550.00 DELIVERED

Dukane ImagePro Cam9000 A new economical concept in document cameras. The CAM900 can image 8.5" x 11" pages, re-position and use it as a web cam. An integrated mic is included, as well as flexible mount and a stable solid base. Single connector (USB) hookup for power and signal. Digital zoom and autofocus.

INTRODUCTORY PRICE Only \$199.00 Delivered.

NEW! EIKI LC-XBL20 Projector: 2200 Lumens, XGA with zoom lens and network monitoring and control. Weighs only 5.5 pounds. Extra quiet for classroom use. Up to 3000 hour lamp life. Wireless remote control. 3 panel LCD imaging for rich color pictures. THREE YEAR FACTORY Warranty.

Educational Pricing only \$615.00 Delivered.

TAKE CONTROL !!

Wired, and wireless, remote control systems allow a single panel, or your desktop computer, to control, switch on/off, select sources, or adjust the volume level from one central location. Classroom media devices can also be integrated, monitored and controlled from a central location.

From a simple single gang control panel for one classroom, to a fully integrated building or system wide Tennessee Visual helps you plan the future.

INSTALLATION and DESIGN !!

Tennessee Visual brings many years of experience to help you in planning, and designing your conference room, classrooms or media centers. We can assist in planning or provide turnkey installations. Whether it is a single media room or a complete campus, we'll be glad to prepare a quote for planning or installation.

Classroom Screens

Every presentation deserves a sharp bright image. Tennessee Visual has worked with Da-Lite for over a half century.. Matte white fabric listed. Other fabrics, ratios and sizes are available.
