NUMONICS I-Board - "Let The Learning Begin"

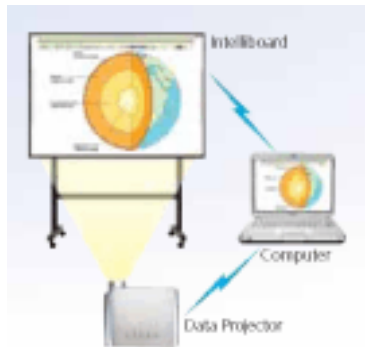

The newest, most robust and exciting digital interactive whiteboard available.

I-Board software brings ideas to life. Write and draw over projected images, annotate in color, highlight, cut and paste images and capture for future use and e-mail or HTML distribution.

It's an Information Center. Simply touch the digital pen to the board to run the computer, open files, run video clips, surf the web, download free content.

It's Classroom Tough. Hard laminate surface can take classroom use. The ONLY interactive board with a Limited Lifetime Warranty on the board.

You "complete the loop" and direct information from your computer to exciting presentation and content.

The IntelliBoard from Numonics is the latest up-date to a distinguished line of interactive products, manufactured in the USA for the last fifteen years.

The new IntelliBoard offers:

- Educational Content Software for lesson plan development:
 - Encyclopaedia Britannica Ultimate Reference Suite DVD
 - Sherston Educational Clipart
 - rmEasiteach Starter Pack with materials for animating and creating lesson materials. Content lessons included
- User-definable Softkeys and easy to use editor lets you customize tools and resources for individual classes or teachers.
- The first adjustable wall mount and mobile stand for easy height change.
- FREE web-based instructor-led training session,
- FREE Site licensed software.
- Multimedia Pen gives a natural writing feel, and provides full left and right mouse buttons.
- Brilliant image quality - high resolution 1000 lines per inch.

The I-Board is the easiest whiteboard to learn to use. Software tools have been refined with the input from users over the past 15 years. We listen and make a better board for your applications.

Numonics I-Board 77 (77" Diagonal)
Educational Price \$1,395.00

Other Things NOT in This Catalog

NEW MEDIA and SYSTEMS

Some items and systems just don't lend themselves to telling you about them in catalog form,

INSTALLATION and DESIGN

We have worked with many schools and institutions in integrating new media in classroom and lecture hall installations. Audio and video presentation tools along with digital media, can be integrated and scaled to meet your needs.

CONTROL SYSTEMS

From simple pushbutton wall controls that take the place of "lost " (or soon to be lost) remote controls to operate the projector, to complete system wide monitoring and control of all connected digital and AV media, Tennessee Visual brings experience and proven installation to help you find solutions.

INTERACTIVE WHITEBOARDS

While we have provided basic information in this catalog, We can provide better information for your selection working with you "on-site", or at least on the phone, please call.

STUDENT RESPONSE SYSTEMS

New technologies are being harnessed to make the simple "clicker" even simpler, and much more versatile. Not ready for catalog time and better shown in your classrooms.

INSTALLATION SERVICES

Our installation teams have many years of experience putting systems together THAT WORK, with minimum disruption to your programs.

INSTALLATION SUPPLIES

If you plan to do it yourself, we can help you find Projection mounts, Wall plates, cables, connectors, extensions, ceiling panels and more.

"LEGACY" Audio-Visual Tools

Available, but not shown in this catalog.

OVERHEAD PROJECTORS

Classroom, Folding Portables, Conference Room Models

SUPPLIES for OVERHEADS

Catalog Available

CASSETTE TAPE RECORDERS

Educational models in several ranges.

CLASSROOM RECORD PLAYERS

At least one model available.

AUDIO LISTENING CENTERS

A variety of kits and configurations.

OPAQUE PROJECTOR

Call for quote.

AUDIO-CARD READERS

Including Programs, Blank Cards

CLASSROOM SCREENS

See www.tennvisual.com

PROJECTION LAMPS

We stock some common ones, and can help you locate what you need, whether for that favorite old slide projector, or for current data/video projectors.

CABLES AND CONNECTORS

Audio Cables, Speaker Cables, input connectors, plenum grade speaker wire. Computer connection, Monitor and Projector extension Cables, Installation cables including plenum grade. Control cables, USB cables and connectors, USB "live" extensions, RS-232 extensions, Wall panels, including custom and stock.

It is not all in ONE catalog, but call or e-mail your needs and we'll get you info and a quote.

TENNESSEE VISUAL SERVICE COMPANY. INC

Has been serving the audio-visual and presentation products needs of education, churches and the business community of Tennessee and Kentucky **since 1946**. A few items, like carts and screens, in this catalog, would have been in one of those early 1950s catalogs we published. Most of the items in this catalog **had not even been dreamed of** when we first offered 16mm projectors and films, along with filmstrip projectors, wire recorders, and opaque projectors to schools in Tennessee. We plan to continue to meet the changing technology needs of our clients.

Contact us: Use the modern tools of **FAX (615-228-1876)** Toll Free Numbers **(800-359-6132)**, e-mail **(sales@tennvisual.com)**, or the web site: **(www.tennvisual.com)**

Or write to us (typewriter, lead pencil, ballpoint, quill pen) we still check the US Mail every day.
